PROVIDING JOY RESPONSIBLY

We offer you the opportunity to advertise in an environmentally friendly way:

- ✓ Environmentally friendly packaging alternative
- ✓ "compostable" label as proof of sustainability
- ✓ Made from renewable raw materials
- ✓ Processing like conventional standard foil
- ✓ Printing options: White or transparent
- ✓ Can be combined with financial climate contribution
- ✓ Sustainable and certified according to European standard EN13432

A compostable logo will be printed onto your product.

Certification:

Our compostable foil is certified as biodegradable and compostable according to all essential composting conditions (industrial composting including anaerobic decomposition and wastewater disposal).
